Library Mission

The mission of the Robert R. Jones Library is to make freely and readily available to the residents of the library district in an efficient, fiscally responsible, and timely manner, printed and other materials and services which are responsive to their diverse, changing, and individual requirements for information and which will aid them in the pursuit of education and recreation. The library seeks to promote programs, which will stimulate and expand the reading interests of both children and adults and to coordinate this work with that of other educational, cultural, and social groups in the community.

Library Vision

All residents of the Robert R. Jones Public Library District will:

- Have the information they need to succeed at school, at work, and in their personal lives.
- Have access to materials in a variety of formats and access to programs that stimulate their thinking, enhance their knowledge of the world, and improve the quality of their leisure time.
- Discover the joy of reading and a love of learning.
- Have dependable access to a reliable body of digital information resources and develop the information seeking and information evaluation skills needed in a world that is growing more complex every day.
- Think of the Robert R. Jones Public Library as a focal point of community life, a forum for public debate of issues, an arena of challenging ideas that enlighten and enrich, and a resource that allows the people of Coal Valley to learn, know, gather, and grow.
- Use the Robert R. Jones Public Library's resources, services, and facilities on a regular basis and encourage others to do so.

Summer Reading Kickoff - Saturday, June 15

11:00 - 3:00 p.m.

Get your Summer Reading started at the Robert R. Jones Public Library. Visit the library and spark your curiosity while registering for the Summer Reading Program. Plan how you're going to expand your mind this summer.

The first 50 families to register on June 15th will receive a free tote bag!

Featuring

Animal Express Petting Zoo

Enjoy a hands-on walk in a mini farm petting zoo that is great for all ages!

12:00 - 2:00pm

Tie-Dying

Bring your own cotton materials to tie dye. All dying supplies will be provided.

11:00 - 3:00pm

QC CAN Therapy Dogs

Meet the wonderful therapy dogs of QC CAN and hear a story!

11:00 - 3:00pm

Pete the Purple Bull Rock Painting

Get your cameras ready as you meet Pete the Purple Bull and paint a kindness rock!

11:00 - 1:00pm

Summer Reading with the Library

Are you ready to rock it with your library this summer? Amazing animals, incredible science, electric art, robot parties and tinker days - the learning opportunities are endless. Fight the summer slide by reading and learning at the Robert R. Jones Public Library. Weekly events will help build your knowledge, your vocabulary, and your imagination with reading, STEAM, presenters and more!

Magic Show

Join Top Hat Magic for an incredible magic act you won't forget!

11:00 - 11:45am

2:00 - 2:45pm

Ventriloquist Show

Get ready to laugh at a hilarious and amazing ventriloquist act.

12:00 - 12:45pm

Balloon Art

See a balloon artist at work and take home a one-of-a-kind souvenir!

1:00 - 1:45pm

Pete the Cat Storytime

Join us for a very special storytime time and meet the coolest cat around.

2:00 - 2:45pm

SUMMER READING | ALL AGES

Summer Reading: A Program for Everyone!

June 15th - August 17th, 2019

Patrons of all ages are invited to participate in the Summer Reading Program. There's a log for pre-readers to adults. Everyone in the family can participate!

Are You Ready to Build a Daily Reading Habit?

It's no secret that the Summer Reading Program is one of the highlights of the Robert R. Jones Library year. So, how could it possibly get any bigger or better? Here are a few things you should know:

What's New in 2019?

The Robert R. Jones Public Library promotes reading and encourages creative exploration, active skill-building, critical thinking, while instilling a sense of community - all necessary to "Build a Daily Reading Habit," which is our ultimate goal.

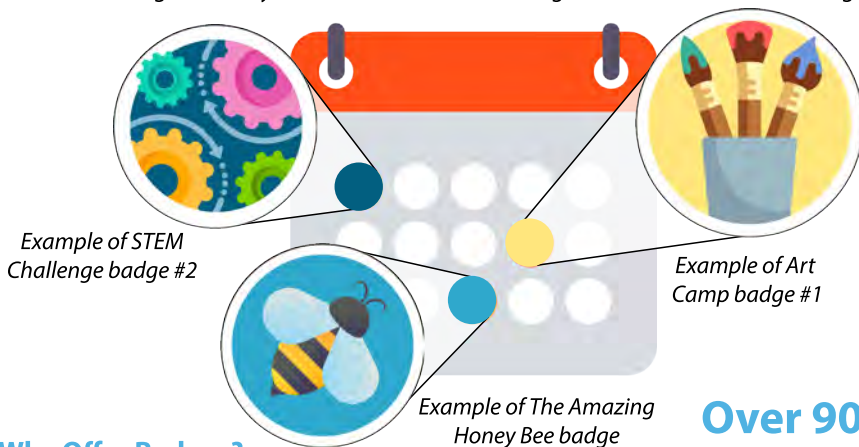

In keeping with this year's goal, the Robert R. Jones Library has put a fun, engaging twist on our reading program. This year's summer calendar of activities and events offer each attendee a chance to earn a badge for their participation!

Earn Badges throughout the Summer!

The badge system is an educational approach to motivate children to learn with the goal of maximizing enjoyment and engagement through capturing the interest of learners and inspiring them to continue learning.

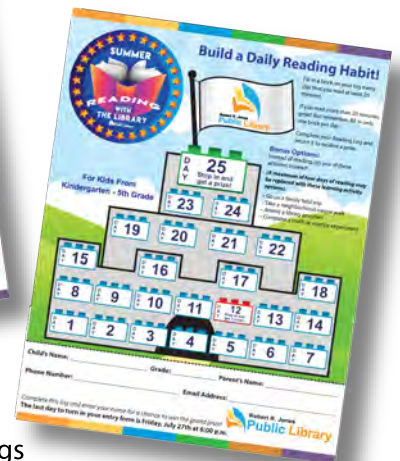

How Does my Learner Earn a Badge?

Every time a summer reading participant registers and attends a library hosted event, they will receive a badge rewarding them for their experience and commemorating what they learned. **Please note:** Unregistered attendees are not eligible to receive a badge. All events can be registered for in advance.

Why Offer Badges?

Young learners will feel good when they receive a badge. That feeling comes from a sense of achievement. In addition, this sense of achievement will motivate them further to work towards getting more badges and rewards. The badges are designed to give young learners public recognition. Learners will be able to collect and showcase their badges throughout the summer, earning public recognition and acknowledgement for their achievements helping engagement and motivation levels. Plus, earning badges personalizes the learning experience, making programs more relevant to individual learners while elevating their engagement.

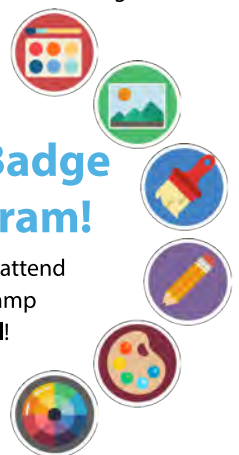

Examples of pre-readers and K - 5th grade reading logs

Earn A New Badge at Each Program!

Example: Register and attend all 7 weeks of Art Camp to collect them all!

Over 90 Badges Total!

Reading Readiness

Toddler Tales Storytime

Age appropriate books, rhymes, songs, finger plays, and story-telling reinforce early literacy skills such as letter sounds, vocabulary, narrative skills, and a love of books and reading for the pre-reading child. Each week's books focus on a specific theme, followed by a simple craft, and a healthy snack. Parent/caregiver participation is encouraged.

Thursday	June 20	10:30am
Thursday	June 27	10:30am
Thursday	July 11	10:30am
Thursday	July 18	10:30am
Thursday	July 25	10:30am
Thursday	August 1	10:30am
Thursday	August 8	10:30am
Thursday	August 15	10:30am

Tiny Techies Storytime ADVANCE REGISTRATION REQUIRED

Introduce your preschooler to technology concepts in this special storytime series. Tablets with guided screen time apps will be incorporated with books and activities to explore new concepts while enhancing motor skills.

Tuesday	July 9	5:30pm
Tuesday	August 13	5:30pm

1,000 Books Before Kindergarten

The concept is simple, the rewards are priceless. Read a book (any book) to your newborn, infant, and/or toddler. The goal is to

have read 1,000 books (yes, you can repeat books) before your precious one starts kindergarten. Reading regularly with young children stimulates development and strengthens parent-child relationships to build language, literacy and social-emotional skills that last a lifetime.

Read 1000 Books - Receive a Prize

Track your books any way you want - pick up a paper log at the library or use the 1000 Books Before Kindergarten app. When your child reaches a milestone (200, 400, 600, 800, 1000 books) come to the library to get a different prize.

Discover

The Amazing Honey Bee

Learn how bees make honey and how it is harvested. View live bees in an observation hive. After the presentation, decorate a pot, and plant a flower to take home to help protect the bee population.

Wednesday June 19 3:00pm

Read to a Dog!

Gain confidence and improve literacy skills while reading aloud to a certified therapy dog.

Thursday	June 20	11:30am
Thursday	July 18	11:30am
Thursday	August 15	11:30am

Birds of Prey

See a glimpse into the lives of raptors including ID, biology, habitat needs, adaptations, and live birds!

Monday June 24 2:00pm

Nature Tots

Learn about the life cycle of butterflies, study different types of scat, discover the amazing adaptations that help snakes survive, and get hands-on with worms and learn how important they are!

Tuesday	July 16	2:00pm
Tuesday	July 23	2:00pm
Tuesday	July 30	2:00pm
Tuesday	August 6	2:00pm

Explore

Pee-Wee Explorers

This fun, hands-on learning program is ideal for young learners as an introduction to STEAM concepts. Simple experiments, exploration of the sea, dinosaurs, robots, our 5 senses, and learning to protect ourselves from germs is waiting to be explored this summer!

Thursday	June 27	3:00pm
Thursday	July 11	3:00pm
Thursday	July 18	3:00pm
Thursday	July 25	3:00pm
Thursday	August 1	3:00pm
Thursday	August 8	3:00pm

Dogs with Jobs

Discover the true meaning of "working like a dog" as you meet the professional pups of QC CAN and learn about their incredible skills. The Quad Cities Canine Assistance Network therapy dogs offer companionship, relieve stress, boost self-esteem, encourage the love of reading and relieve anxiety and depression. The organization takes pride in providing therapy dogs that are always ready to make a difference in the lives of those they meet.

Monday July 15 10:30am

Rocket to the Moon!

2019 marks the 50th anniversary of the moon landing. Enjoy a special nighttime storytime, crafts, light refreshments, and an introduction to the night sky. Once dark, participants will go outside for a formal viewing of Jupiter and Saturn.

Thursday July 18 7:30pm

Technology

Dot, Dash, & Cue

Learn the fundamentals of computer programming and coding through educational and creative play.

Tuesday	July 2	2:30pm
Monday	August 12	3:00pm

Bee-Bots for Beginning Coders

Learn basic coding practices with robotic bumble bees. No experience necessary.

Tuesday	June 18	3:00pm
Tuesday	August 13	2:30pm

Inspire

Wee-Littles Art Start (ages 3+)

A story to inspire your little artist followed by a different hands-on activity each week. Things may get messy! Smocks and materials provided.

Tuesday	July 16	2:30pm
Tuesday	July 23	2:30pm
Tuesday	July 30	2:30pm
Tuesday	August 6	2:30pm

Did You Know?

The Library offers attraction passes for Coal Valley card holders to check out? Passes for the Niabi Zoo, the Putnam Museum, the Figge Art Museum, and the Quad City Botanical Center are here for you! Each pass can be checked out for three days, making it easier to plan your next trip.

You love the Library, and we love connecting our community to local, educational, and inspirational attractions for free!

Adventure

Pokémon GO Club

Trainers, prepare your Pokéballs! We'll make special crafts for our team, catch, trade, and battle all generations of Pokémon. When weather permits, we will go outside to catch Pokémon. A Pokémon Go app enabled device is recommended.

Monday	June 17	2:00pm
Monday	July 22	2:00pm
Wednesday	August 14	4:00pm

Create

LEGO Club Free Build

We provide the LEGO bricks, you design anything you want!

Tuesday	June 18	3:30pm
Tuesday	July 16	3:30pm

LEGO Club Challenge

Hear a story, design amazing creations with a weekly theme, and show off your creative side!

Tuesday	July 2	3:30pm
Tuesday	August 6	3:30pm

Art Camp **ADVANCE REGISTRATION REQUIRED**

Explore different ways to create. Children will get to practice their art skills in watercolor, oil pastel, colored pencil, and more!

Friday	June 21	3:00pm
Friday	June 28	3:00pm
Friday	July 12	3:00pm
Friday	July 19	3:00pm
Friday	July 26	3:00pm
Friday	August 2	3:00pm
Friday	August 9	3:00pm

Sew Electric (grades 5 & up) **ADVANCE REGISTRATION REQUIRED**

Hand sew and decorate a monster that lights up using felt, LEDs, and conductive thread!

Tuesday	June 25	4:00pm
Wednesday	August 7	5:00pm

Stop Motion Animation **ADVANCE REGISTRATION REQUIRED**

Learn to create stop motion animation using Legos. Recreate a scene from your favorite book or movie or write your own original script.

Wednesday	June 26	2:00pm
-----------	---------	--------

S.T.E.M. Challenge

See what amazing things you can create when given a design challenge, a budget, and limited supplies.

Tuesday	July 9	3:00pm
Tuesday	August 13	3:00pm

3-D Printing

3-D Printer Intro

Learn the basics of 3D printing! We will demo the printer and answer questions. Each demo will last approximately 30 minutes.

Saturday	June 29	11:00am
Saturday	July 20	11:00am

3-D Printing Class (grades 5 & up) **ADVANCE REGISTRATION REQUIRED**

Learn the basics of 3D printing and get an introduction to 3D design. Students are required to bring a laptop.

Saturday	June 29	11:30am
Saturday	July 20	11:30am

Build with 3D-Pens (grades 5 & up) **ADVANCE REGISTRATION REQUIRED**

Introduce your child to 3D pen technology and create a small project to take home.

Wednesday	July 17	4:00pm
Monday	August 5	4:00pm

Coding and Technology

Design Your Own Video Game ADVANCE REGISTRATION REQUIRED

Learn how to design your own video game characters, maps, and quests with a Bloxel board. No experience necessary.

Monday	June 17	3:00pm
Monday	July 29	3:00pm

Bee-Bots for Beginning Coders

Learn basic coding practices with robotic bumble bees. No experience necessary.

Tuesday	June 18	3:00pm
Tuesday	August 13	2:30pm

Intro to Robotics: Ozobots ADVANCE REGISTRATION REQUIRED

Learn how to use colored lines to program Ozobot Evo robots to perform tasks.

Thursday	June 20	4:00pm
Wednesday	July 31	3:00pm

Sphero SPRK for Beginners

Spark your imagination by controlling a robotic device with code you create. No experience necessary.

Tuesday	June 25	3:00pm
Monday	August 5	3:00pm

Build a Computer! (grades 3 & up) ADVANCE REGISTRATION REQUIRED

Introduce your child to computer science with a color coded computer kit that's easy and fun to put together. If you can read, you can build and program a computer. No experience necessary.

Monday	July 1	3:00pm
Monday	August 14	3:00pm

Dot, Dash, & Cue

Learn the fundamentals of computer programming and coding through educational and creative play.

Tuesday	July 2	2:30pm
Monday	August 12	3:00pm

Makey Makey Music Madness

Create a banana piano or decorate your own cardboard guitar and get ready to jam with Makey Makey technology. Students are encouraged to bring a laptop.

Wednesday	July 3	3:00pm
Wednesday	August 14	3:00pm

Explore

Dogs with Jobs

Discover the true meaning of "working like a dog" as you meet the professional pups of QC CAN and learn about their incredible skills.

Coming Soon!

This Summer the Library will Begin Circulating Mobile Hotspots!

What is a Mobile Hotspot?

Mobile hotspots are a recent technology that allows you to connect your Internet-capable devices to the Internet through a wireless, portable device. The hotspot forms an on-the-spot Wi-Fi network, and you can connect a number of computers or gadgets to the network for simple, fast Internet access.

It's Internet on the Go!

ROCKETRY AT THE LIBRARY!

Lead by Andrew Wiedenmann

Explore the science of rocketry! This special summer program will allow your teen to design a level 2 rocket by hand, build a launch pad, and test launch their rockets. Participants will learn the skills of soldering, completing simple wire circuitry, model building, and applied calculus to determine launch height. This program is free for boys and girls grades 6th - 12th. This is a six-part series and attendance at all six sessions is required. Advanced registration is required and space is limited.

Introduction to Model Rockets **ADVANCE REGISTRATION REQUIRED**

What are model rockets? What is model rocket code? Learn this and more, plus begin building your rocket.

Thursday June 6 5:30 - 7:30pm

Electronics and Circuitry **ADVANCE REGISTRATION REQUIRED**

Using appropriate tools, solder the electronic components to your model rocket, launch pad, and launcher.

Tuesday June 11 5:30 - 7:30pm

What's a Newton? **ADVANCE REGISTRATION REQUIRED**

With easy to learn calculus, calculate the height of a launch. Continue building rockets and launchers.

Thursday June 13 5:30 - 7:30pm

The History of Space Flight **ADVANCE REGISTRATION REQUIRED**

Learn about the history of space flight, current space projects, the space station, Mars, and satellites.

Then finish work on rockets and launchers.

Tuesday June 18 5:30 - 7:30pm

Preparing for Launch **ADVANCE REGISTRATION REQUIRED**

Prepare your rocket for launch by painting it and practice how to measure using altimeter instruments.

Thursday June 20 5:30 - 7:30pm

3, 2, 1, Blastoff! **ADVANCE REGISTRATION REQUIRED**

Participants will meet at Camden Park located at the corner of the Milan Beltway and US RT 67 to setup and launch their rockets.

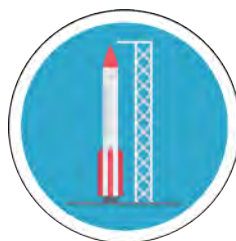

Tuesday June 25 5:30 - 7:30pm

Raindate:

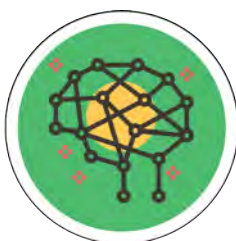

Thursday June 27 5:30 - 7:30pm

Collect all 6 limited edition badges!

Is There a Summer Reading Badge We Forgot to Include?

Help Us Design a Badge!

Do you think there should be a badge for checking out an Amulet or Dork Diaries book? What about a special badge for checking out 10 books at one time? How about a badge for being an awesome friend? Whatever the badge you think we should include is, we want you to help us design it!

So get out your crayons, your color pencils, your pens, and start designing!

The Rules

1. All entries must be submitted by July 13th, 2019.
2. All entries must be submitted in person at the library reception desk or e-mailed to vblackmer@roberttrjoneslibrary.org with the subject line "Badge Contest Entry."
3. Badges must be family-friendly. Please design accordingly.
4. The Selection Committee's decision is final and based purely on collective subjective preference.

Selected badge designs will be announced on the Library's Facebook page throughout the Summer Reading Program and available to participants as earnable badges if requirements are met.

Entrant's Name: _____ **Grade/Age:** _____

Badge Name: _____

Requirements to Earn Badge: _____
